

MAG Suite: A Series of Flexible Solutions

The MAG Suite is a modular packaging system designed to adapt to your unique production needs, today and in the future. Offering four different configurations, this suite allows you to customize your machine based on your space, speed, and operational requirements. By utilizing magnetic linear track technology, the system delivers precise motion control, ensuring smooth operation, rapid changeovers in 15 minutes or less, and exceptional reliability.

Whether you're looking to optimize throughput or maximize real estate, the MAG Suite provides a scalable, long-term solution that evolves as your business grows. Backed by 75 years of pouch packaging innovation, this powerful system integrates the latest technology to drive efficiency and flexibility, all in one footprint, without the need for multiple machines.

CONFIGURATIONS

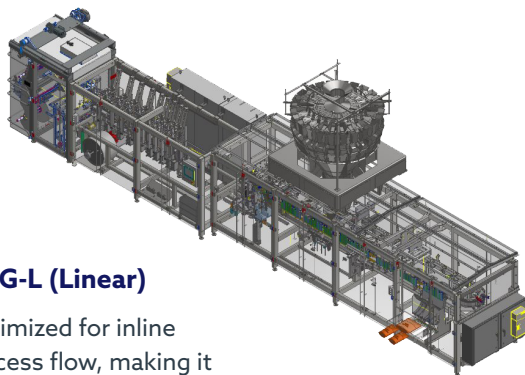

MAG-B (Back)

A modern solution for outdated technology, delivering superior efficiency and reliability.

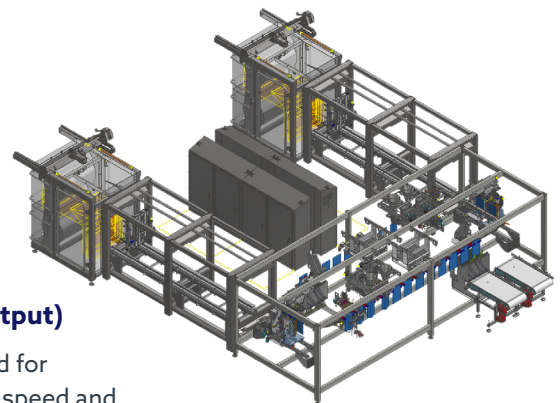

MAG-R (Rotary)

A compact, space-efficient option, perfect for facilities with space constraints.

MAG-L (Linear)

Optimized for inline process flow, making it ideal for linear production environments.

MAG-D (Dual-Output)

Engineered for maximum speed and performance to optimize output and flexibility.

MAG-B	SIMPLEX	DUPLEX
Pouch Width	5-15 in / 127-381 mm	5-9 in / 127-229 mm

FEATURES AND BENEFITS

- **Adaptive Seal Control:** Automatic, real-time positioning for optimal seal quality and maximum uptime.
- **Magnetic, Linear Motion Track:** Precise, flexible operation with seamless transitions between simplex and duplex mode.
- **Open-Frame Design:** Simplifies maintenance access and improves hygiene by minimizing buildup.
- **Patented Bag Clamp:** Maintenance-free, secure grip designed for easy cleaning.
- **Dynamic Product Settling:** Ensures debris-free top seals for enhanced seal integrity.
- **Magnetic Grippers:** Durable, maintenance-free clamps provide a strong hold and reduce product buildup.

INDUSTRIES SERVED

- Household Products
- Pet Care
- Powders
- Dried Meats and Fruits
- Nutraceuticals, Vitamins, and Supplements
- Candy and Confectionery
- Snack Foods
- Cheese and Dairy

KEY DIFFERENTIATORS

- **Sustainability:** Optimized for sustainable films with precise tensioning and sealing.
- **Modular Design:** Future-proof configuration that evolves with your production needs.
- **Flexible Real Estate:** Adaptable layouts designed to fit and grow within your space.
- **Seamless Changeovers:** Automated, fast, and repeatable changeovers without the need for mechanical adjustments.
- **US Expertise:** American-made quality backed by over 75 years of industry experience.
