BY3

MULTILANE STICKPACK PHARMA

Distributed by Matrix, the BY3 is a VFFS Multilane Stickpack Machine Specifically Designed for the Pharmaceutical Industry.

INV PACK machines for the pharma sector comply with GMP regulations and are designed and built under the strictest manufacturing standards.

As pharma documentation, INV PACK can supply the DQ, IQ and OQ documentation, as well as the functional analysis of the machine or other type of documentation that the customer may need. In addition, our service technicians can assist the customer during the execution of the IQ and OQ.

The versatile design of the BY3 allows its use for multiple products such as dosing powders, granulates, solids, liquids and pasty products.
