MVA12

MULTILANE SACHET

Distributed by Matrix the MVA12 multilane sachet machine is great for dosing powder, granules, solid, liquid and pasty products.

The MVA12 sachet machine can handle film reels with up to 1200mm wide film. The intermittent movement technology of this machine assures high quality sealing welds, especially recommend for technical films. This vertical machine has a small footprint offering a valuable space saving benefit.

> *Perfectly suited for making single-dose sachets*
