MVA9

MULTILANE SACHET

Distributed by Matrix the MVA9 multilane sachet machine is great for dosing powder, granules, solid, liquid and pasty products.

The MVA9 sachet machines can handle film reels with up to 900mm wide film. The intermittent movement technology of this machine assures high quality sealing welds, especially recommend for technical films. This vertical machine has a small footprint offering a valuable space saving benefit.

> *Perfectly suited for making single-dose sachets*
