

About Bartelt Packaging

Bartelt is a trusted manufacturer of pouching, cartoning, shrink wrapping, over wrapping, and case and tray packing systems, providing dependable and long-lasting solutions to food and non-food industries. Bartelt also operates as the master distributor for both FLtècnics' rollstock and pre-made pouch and Cetec Industrie large bag format packaging machines. As the world's first developer of intermittent motion horizontal form fill seal pouching machines, Bartelt is a true pioneer in automated packaging. From simple to advanced applications spanning primary and secondary packaging, quality components and a durable design are incorporated into every solution. Bartelt is a product brand of ProMach, a global leader in packaging line solutions. As part of the ProMach Flexibles & Trays business line, Bartelt helps our packaging customers protect their products and earn the trust of their consumers. ProMach is performance, and the proof is in every package. Learn more about Bartelt at www.BarteltPackaging.com and more about ProMach at www.ProMachBuilt.com

SCANDIA HLG
HAND LOAD CARTONER

F&T

FLEXIBLES
& TRAYS

Scandia HLG

HAND LOAD ERGONOMIC

Scandia HLG

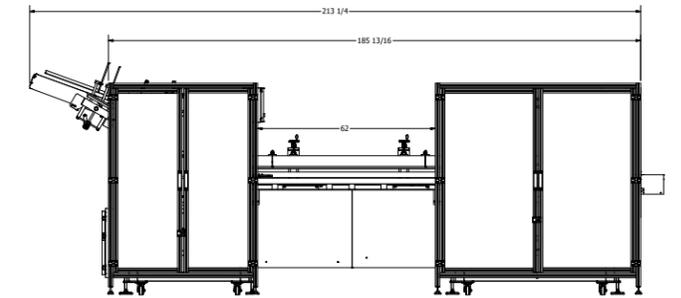

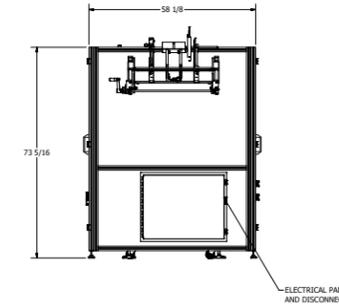

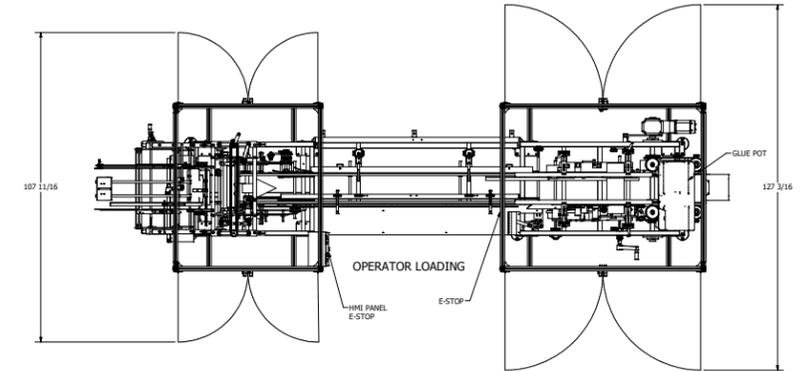

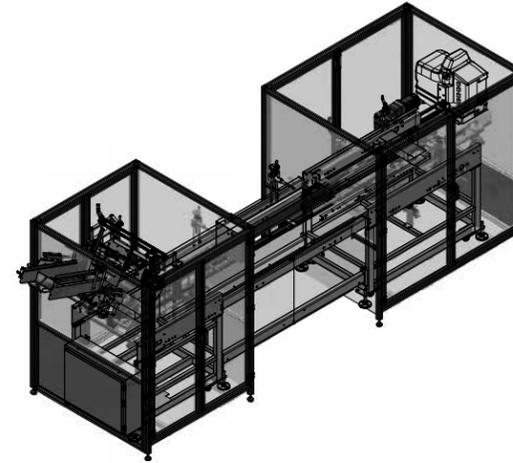

The Scandia HLG is a mechanically driven cartoner. The modular design allows the HLG to be built with extended load stations to accommodate up to five operations or product feeders for increased productivity.

The Scandia HLG achieves speeds up to 100 cartons per minute depending on product and number of loading operations

CONFIGURATION

Contact Bartelt to inquire about packaging machinery to fit your unique requirements.

(941) 359-4000

PRODUCT APPLICATIONS

- Any hand loadable items
- Multi-component items
- Multi-compartment items
- Pharmaceutical pill bottles and blisters
- Automotive parts
- Prepackaged food items

FEATURES & BENEFITS

- Modular components permit upgrade to up to 5 manual loading stations
- Easy manual adjustment for height and depth changes
- Digital readouts for precise setups
- Tuck or glue closure method

OPTIONS

- High-capacity carton hopper
- Deboss coder
- Tuck or hot melt closure
- Label printing and application
- Leaflet inserter
- Extended load stations
- Extended depth ranges
- Flap printer
- Product bins
- Product conveyors
