

About Bartelt Packaging

Bartelt is a trusted manufacturer of pouching, cartoning, shrink wrapping, over wrapping, and case and tray packing systems, providing dependable and long-lasting solutions to food and non-food industries. Bartelt also operates as the master distributor for both FLtècnics' rollstock and pre-made pouch and Cetec Industrie large bag format packaging machines. As the world's first developer of intermittent motion horizontal form fill seal pouching machines, Bartelt is a true pioneer in automated packaging. From simple to advanced applications spanning primary and secondary packaging, quality components and a durable design are incorporated into every solution. Bartelt is a product brand of ProMach, a global leader in packaging line solutions. As part of the ProMach Flexibles & Trays business line, Bartelt helps our packaging customers protect their products and earn the trust of their consumers. ProMach is performance, and the proof is in every package. Learn more about Bartelt at www.BarteltPackaging.com and more about ProMach at www.ProMachBuilt.com

Scandia Model 465

CONTINUOUS MOTION END LOAD CARTONER

Scandia Model 465

The Scandia Model 465 is a continuous motion, small-center, progressive load cartoner. This heavy duty, versatile machine is designed to handle end-load cartons of all styles, including glue, tuck, lock, gable, and partition cartons. Features include rotary carton feed, phased product bucket conveyor and carton carrier chain for ease of size changeover.

This model can achieve speeds up to 200 cartons per minute

PRODUCT APPLICATIONS

- Baked goods
- Confectionery
- Frozen foods
- Pharmaceuticals
- Tobacco goods

FEATURES & BENEFITS

- Rotary Feeder for positive carton opening
- Digital readout and single crank adjustments for fast, accurate, and repeatable setups
- Tuck or glue carton closure capability
- Line shaft drive for quiet operation and reduced maintenance
- Heavy duty welded steel frame
- Quiet #40 chain in self-lubricating UHMW high-density plastic to minimize stretch
- Allows tie-in to Scandia and other manufacturers' machines
- Can accommodate a range of product transfer conveyors
- Speeds up to 250 cartons per minute
- No product – No carton/No carton – No product controls

OPTIONS

- Non-contact printers
- Deboss coder
- Labelers
- Open flap detection
- Line integration
- Rejection station
- Coupon/leaflet feeders
